DETAILED ACTION

Election/Restrictions

1. The examiner acknowledges that there may be some confusion in the record regarding the restriction requirement given January 29, 2004, and the claims acted upon in the office action of April 13, 2004. The indicated species were:

- a. Species 1: figure 5, which uses an adapter separate from a lapping cable.
- b. Species II: figure 10, which uses an adapter that is integral with the lapping cable.

Applicant's election on February 23, 2004 indicated that species I was elected. However, the elected claims 1-9,14,16, and 18 did not appear to read on the elected species. Notably, claim 18, appeared to read on Species II. Furthermore, only the claims, which read on the non-elected species, should have been withdrawn. Therefore, in response to this office action, applicant should correctly indicate the desired species and all the other claims, which should be examined therewith. If applicant needs any assistance in making this election, please don't hesitate to call the examiner. The next office action will not be made final.

It should be noted that claims 1-9, and 14 contain allowable subject matter as previously indicated.
